

My Commitment to you

- 1) **24/7 direct access to the CEO** – no one makes financial decisions from 9 to 5, we work when you work.
- 2) **We invest together** - I believe there is no safer way to invest in the market. As the largest stakeholder at Resnn with 100% of my personal investable assets invested in the strategy, my performance will mirror your performance identically.
- 3) **TOTAL transparency** at all times with third party custodian and account management
- 4) **Protecting your wealth is paramount to anything else** - We will monitor and protect your investments ACTIVELY. Regardless of what the financial world is preaching, buy and hold has not worked for over a decade. This means at times we will miss moves and possibly even get in at a higher price than when we exited, but the strategy ultimately is not about maximizing return, but on protecting your investments and so missing some opportunities is inevitable and will happen.

My personal GUARANTEE to you

- 5) **Our Performance Fee Guarantee** – Our fee structure is different. You don't make money, we don't get paid, period. We are so confident that this is the only way to invest safely, that we are willing to completely waive all of our fees if your account does not grow. To my knowledge, I am the only Investment Advisor in the world to stand by our product in this way.
- 6) **100% Satisfaction Guarantee** – if you are not 100% completely satisfied with our services at the end of three months, we will completely refund all of our fees paid or earned, no questions asked.
- 7) **You are welcome in my home** – Partly because we are investing together and the limited size of our offering but mostly because I treat our clients as I would my family, I prefer to do business on a more personal level.
